How to: Use InXpress rates with your DHL Express account in ShippingEasy

InXpress is an authorized sales partner for DHL Express and provides customers with greater value, added shipping solutions, and genuine personalized customer service.

After you open your InXpress account, you can configure ShippingEasy to display your InXpress rates in ShippingEasy when you select a DHL Express service.

To configure ShippingEasy to use InXpress rates for your DHL Express shipments:

1. From the **SETTINGS** tab, navigate to **POSTAGE AND CARRIERS**.

Shipment Settings

Set up your account to access the best rates and time saving options.

- **Package Setup**
- **Quick Ship: Saved Selections**
- **Order Categories Setup**
- **Product Categories Setup**
- **Shipment Insurance**
- **Shipping Rules**
- **International Shipments**
- **Shipping Providers (rates)**

2. Scroll down to the entry for **DHL Express** and then click the **Manage account button**.
